CORE CAPABILITIES

NTV, Fleet & Transportation

Non-tactical vehicles, fleet coordination, drivers, personnel movement, maintenance support, and mission mobility.

Logistics & Supply Chain

Freight, last-mile delivery, customs support, material movement, distribution, and cross-border coordination.

Mission & Operational Support

Government and defense support, manpower coordination, field administration, rapid-response requirements, and project execution.

Procurement & Sourcing

Vendor sourcing, RFQ coordination, supplier qualification, equipment procurement, documentation, and delivery.

Warehousing & Distribution

Secure storage, inventory control, material handling, fulfillment, staging, and field distribution.

Equipment & Life Support

Heavy equipment, generators, tools, medical/safety equipment, accommodation, camp support, water, and remote-site solutions.

WHY RUSHMORE

01 Regional execution since 2023. Hands-on operating experience in Jordan supporting U.S., allied-force, and commercial requirements.

03 Defense-aware execution. Familiarity with changing schedules, controlled environments, documentation, rapid-response requirements, and mission-critical timelines.

02 One accountable coordinator. Fleet, sourcing, logistics, equipment, facilities, and local support managed through one operating picture.

04 U.S. contracting + Middle East execution. A Wyoming contracting platform connected to established Jordan-based operating capability.

U.S. CONTRACTING	REGIONAL EXECUTION	CROSS-BORDER SUPPORT
Wyoming-based contracting and customer coordination.	Jordan-based operating knowledge and execution across supported Middle East markets.	Sourcing and logistics coordination subject to location, requirement, availability, and applicable rules.

SELECTED RELEVANT EXPERIENCE
